## Summary

Initiative-taking and purposeful Computing and AI student with a solid foundation in programming, data structures, machine learning, and data science. seeking an internship in Data Science, Machine Learning, or AI. Eager to leverage academic knowledge and technical skills in Python, C++, and SQL to contribute to real-world data-driven projects. Excellent critical thinking skills and a passion for learning new technologies.

## Education

- **Cairo University (April 2022 – Present)**
  - Bachelor of Science in Computing and Artificial Intelligence
  - GPA: 2.98 / 4.00
  - Relevant Coursework: Data Structures, Machine Learning, Database Systems, Software Engineering, Web Technology, Computational Cognitive Science

## Skills

- **Technical Skills:** Python (NumPy, Pandas, scikit-learn), C++, C#, Java, JavaScript, SQL, Data Analysis, Machine Learning Fundamentals.
- **Soft Skills:** Problem-Solving, Communication, Teamwork, Adaptability, Time Management, Leadership, Project Management.

## Projects

- **Bank Management System (C#, SQL):** Developed a functional bank management system to manage accounts, transactions, and customer data.
- **Students Affairs website (HTML, JS, CSS, Django):** Developed a basic students management website, it includes adding students, modifying students' data, and basic statistic about the data.
- **Online Library Website (HTML, JS, CSS, Django):** Basic online library website with authentication functionality, managing users, adding, and modifying books, borrowing books, and basic statistics about users, books, and authors.
- **Other University Projects:** See [GitHub link](#).

## Online Courses

- **Python for Everybody (University of Michigan)**
- **Leading Teams (University of Michigan)**
- **Google IT Support Professional Certificate**

## Additional Information

- **fluent in Arabic and English**
- **Strong work ethic and ability to learn independently.**
- **Initiative-taking and eager to contribute to a team environment.**
- **Open to new challenges and opportunities to gain experience.**
